- Upon notification of a Wellness Check Alert, notify the person(s) below you on the recall pyramid.
- If you cannot reach the assigned individual, note the name and skip down to the next person.
- Personnel at the end of the recall roster will report the status of the recall including any individual(s) not contacted to the member at the top of their pyramid branch.
- Members at the top of each branch will contact member at the top of their pyramid chain until the top person of the pyramid has been reached and received the report.
